

SUTTON STORM BASKETBALL CLUB

EQUAL OPPORTUNITIES & EQUITY POLICY

Statement of Intent:

Sutton Storm Basketball Club is fully committed to equality in terms of opportunity and open access. This includes commitment to protecting and tackling discrimination and ensuring that no volunteer or member/player receives less favourable treatment on the grounds of the protected characteristics of age, sex, race (including colour, nationality, ethnic or national origins), disability, religion or belief, sexual orientation, marriage and civil partnership, gender reassignment, pregnancy and maternity.

Purpose of the Policy:

Sutton Storm Basketball Club recognises that certain sections of the community have been affected by discrimination and may be denied the opportunity to participate equally and fully in the sport.

Legal Requirements:

Sutton Storm Basketball Club reserves the right to limit competitions to members who share a characteristic such as age, gender or disability where this is necessary to ensure equitable, safe and equal competition.

Discrimination, Harassment and Victimisation:

The Equality Act 2010 states that a person is not allowed to discriminate, harass or victimise another person because they have, are associated with or perceived to have any of the protected characteristics.

Direct discrimination: Direct discrimination involves treating someone less favourably because of a protected characteristic than you would treat others in the same circumstances.

Discrimination by association: This occurs when a person is discriminated against because they associate, or are associated, with another person who possesses a protected characteristic.

Discrimination by perception: This is when direct discrimination occurs because others think they possess a protected characteristic.

Indirect discrimination: This occurs when a requirement is applied equally to all, but whether intentional or not has a disproportionate and detrimental effect on someone with a particular protected characteristic, when this cannot be objectively justified.

Harassment: Harassment can be described as inappropriate behaviour related to a protected characteristic that is objectionable or causes offence.

Harassment by a third party: The Equality Act 2010 specifies that employers are potentially liable for harassment of their staff by a third party on the basis of the protected characteristics. This applies when the harassment has occurred on two or more occasions and where the employer has failed to take reasonably practicable action to prevent or stop it.

Victimisation: Victimisation is when someone is treated badly because they have made or supported a complaint, or it is believed they might do.
